

West Texas Day 3 (Tues, 4/13/2021)

We have a few different options to do. The bigger element is that we have tickets to the McDonald Observatory for 2:00-3:30p (with limits on the number of people in the building, I believe). We also have a stop in Alpine at Stable Performance.

9:30a: Leave Hotel Paisano for Alpine, TX and Stable Performance

10:00a-noon: Stable Performance

noon-1:00p: Lunch in Alpine (Maybe Reata or Food Trucks)

2:00p-3:30p: McDonald Observatory Visitor Center + Highest paved road in TX (we can leave early)

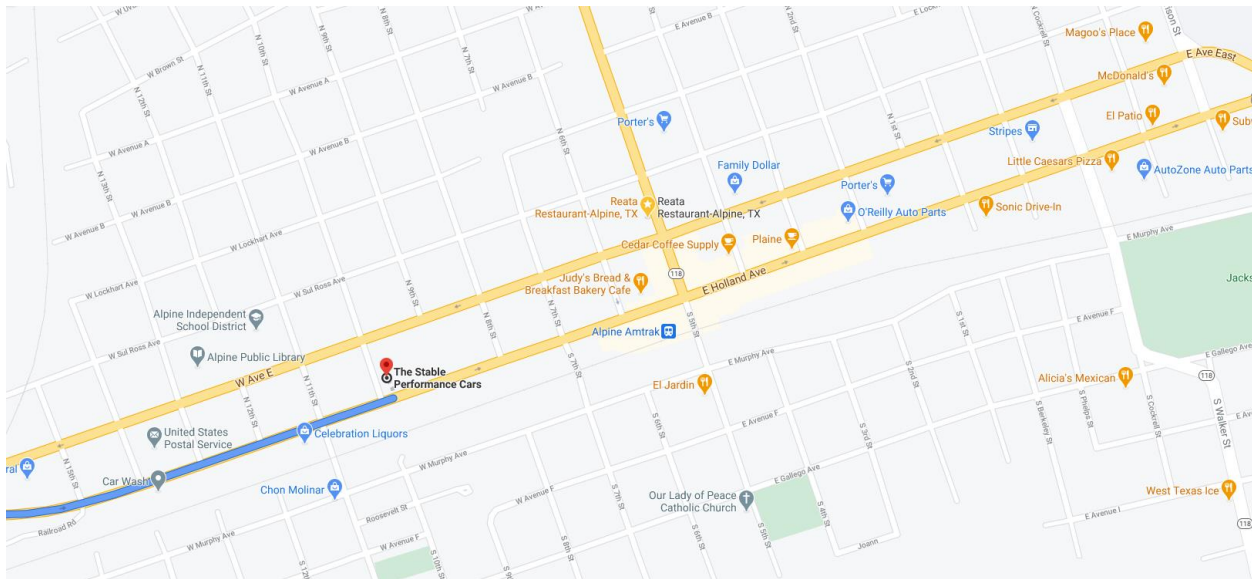

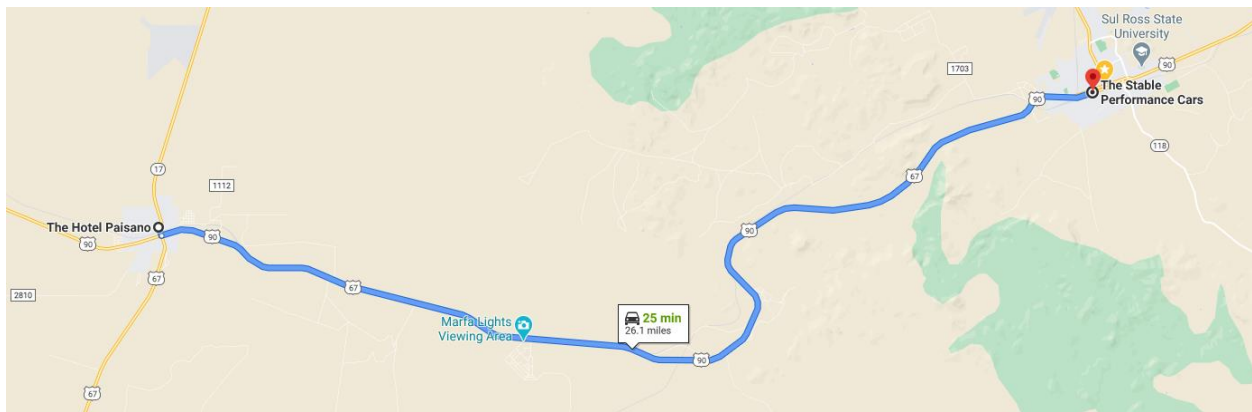

Trip around Mt Livermore and then in Fort Davis, Indian Lodge (~6:00p)

Dinner later that night in Fort Davis
