1 Autocross #1

Event #1
Lone Star Park
Grand Prairie, TX
March 17, 2024

From Beltline Rd, enter at most southern entry (Gates 3/4/5, Lone Star Parkway) and continue to Gate 5/Pollock Pl. Take a left on Pollock. Take a left on the next street (not parking lot entrance), go to the end, and take a right into the lot.

----- Corner Boundary

Pre-registration required at
<https://www.motorsportreg.com/>.
More information at
<http://www.lscbmwcca.org/autocross.html>.

Course length: 3123.0 feet (951.89 m)

2 Autocross #2

Event #2
Lone Star Park
Grand Prairie, TX
April 14, 2024

From Beltline Rd, enter at most southern entry (Gates 3/4/5, Lone Star Parkway) and continue to Gate 5/Pollock Pl. Take a left on Pollock. Take a left on the next street (not parking lot entrance), go to the end, and take a right into the lot.

Corner Boundary

Pre-registration required at
<https://www.motorsportreg.com/>.
More information at
<http://www.lscbmwcca.org/autocross.html>.

Course length: 3291.0 feet (1003.10 m)

9 Trophy Standings

Trophies are reserved for competitors who have attended AT LEAST five events in the same class for the 2024 year, with the seven highest scoring events (out of the SEVEN scheduled events for 2024) being counted as points events. If a driver changes class(es) during the season, any points accumulated in a given class will remain with that class and cannot be combined with points in any other class. In the event of a position points tie at the end of the year in a particular class, each driver's best times from all events in which the tying competitors both competed will be added up and the lowest aggregate time will determine the winner of that position.

10 Driver Statistics

DFTD - driver's fastest time of the day.

CFTD - class' fastest time of the day.

FTD - fastest time of the day in all classes.

to CFTD - percent behind the fastest driver in the class.

to FTD - percent behind the fastest driver in all classes.

CI Place - place in class.

CI Rank - class rank (higher is better).

Place - place among all drivers.

Rank - rank among all drivers (higher is better).

DNFs - number of DNFs during the event.

Cones - number of cones hit during the event.

Improvement trend - the slope of the "best fit" line using year-to-date results.

NOTE: Figuring out whether you're improving (and how quickly) is a difficult task. Please take the "Improvement trend" values with a big grain of salt, as it is likely somewhat inaccurate. It is an attempt to show the year-to-date trend of your scores. However, there are very many variables that affect your rankings. Your car gets modified, your skills improve, you may be switching cars and classes, but the same thing is true of all the other competitors. Which people compete in all the different events matters. Some courses will benefit powerful cars, some courses will be more suited to small, nimble cars. A positive number means that your overall time/position is climbing, negative number means that it's falling - all relative to other drivers. The magnitude is the rate of change.
