4 Trophy Standings

Trophies are reserved for competitors who have attended AT LEAST five events in the same class for the 2025 year, with the seven highest scoring events (out of the 8 scheduled events for 2025) being counted as points events. If a driver changes class(es) during the season, any points accumulated in a given class will remain with that class and cannot be combined with points in any other class. In the event of a position points tie at the end of the year in a particular class, each driver's best times from all events in which the tying competitors both competed will be added up and the lowest aggregate time will determine the winner of that position.
